CONCERT SERIES ASSURED; 500 MEMBERSHIPS SOLD

It's good news to all music lovers in the township that the community concert series is assured and the township will have three of the outstanding artists of America appear here at the high school auditorium next fall and winter.

The announcement of the success of the membership drive came last Saturday following a meeting of the directors. Over 500 memberships were sold. Although it seemed for a time that the memberships weren't going fast enough, the sale of a large block of memberships to Clarence Graham of the Newark stove foundry bearing the same name, turned the trick that put the drive over. Graham purchased 100 memberships, for a total of $600. The success of the drive was then assured. Graham will donate the memberships to his employees.

Although the names of the artists to appear this winter cannot be made known at this time, pending verification, it can be stated that the artists will be a pianist in November, an instrumental ensemble in February, and a soprano in March. In addition to these performances, holders of membership cards may attend performances in Hayward or other nearby communities with no additional charge.

Those who were out of town during the week of the membership campaign may still purchase tickets, according to Mrs. Roland Bendel, general chairman. The only other group entitled to purchase memberships comprises those who move to the community during the coming months.

Mrs. Bendel warned those who purchased memberships not to expect their membership cards until one week prior to the first concert. This announcement should alleviate any worry on that score.

The names of the artists to appear will be made known in July.

Graduation ceremonies for six students of St. Mary's of the Palms School in Mission San Jose will be held this Sunday morning at the Convent chapel at 10 a.m. The school closes officially this Friday.

The school, which now has an enrollment of 132, will reopen for the fall term in September.

ASKS FUNDS FOR FLOOD VICTIMS

The local branch of the Red Cross is cooperating in the volunteer campaign to secure funds to be used in the relief of flood victimes at Vanport and other communities in the flood area of the Columbia River.

The campaign is being run on a volunteer contribution basis and checks or money orders should be made payable to the American Red Cross and the contributions mailed to LeRoy A. Broun, Post office Box 696, Centerville.

Broun, local Red Cross chairman, said yesterday, "The damage caused by the present flood is beyond imagination and the need for relief funds is tremendous." He urged that the people here cooperate in helping the victims who have been forced to flee their homes and the relief of those who have lost their loved ones.

CENTERVILLE C. OF C. TOLD EXTENSION OF FREEWAY DELAYED

The Centerville Chamber of Commerce, which last month wrote the California Highway Commission requestion consideration of the extension and early completion of the Eastshore Freeway as far south as Washington Township, received a reply this week that the task "cannot be accomplished within any short period of time."

NOT ENOUGH FUNDS

The letter, which was read by Secretary Ralph Goodwin at the luncheon meeting of the Chamber Wednesday, stated, "The Highway Commission recognizes the needs to which this resolution calls attention. However, the acquisition of rights-of-way and construction are exceedingly costly. As funds available are on a pay as you go basis and the critical deficiencies on the state highway system throughout the state far exceeds the funds available for any one period, the immediate correction cannot be accomplished. . . "

The letter also revealed that at the present time funds have been provided in substantial amounts for either rights-of-way or construction to Lewelling Boulevard in Hayward.

REPORTS ON ASSOCIATION

Goodwin, who attended the meeting of the Associated Chambers of Commerce of Alameda County in Berkeley last week along with President Allan Walton, gave a report on the transportation and highway discussion held by the group.

A committee composed of Phil Willis, Romeo Brunelli and Fred Rogers, was appointed by President Walton to call on merchants of the community in an endeavor to find additional subscribers to the nightwatchman's service provided by Homer James.

TO GRADUATE FROM SAN JOSE STATE

Norma Marian Biale, daughter of Mrs. Marian Biale and the late Jack Biale of Niles, is one of the 639 students who will receive A.B. degrees at the annual commencement exercises of San Jose State College on Friday, June 18.

Miss Biale will graduate with distinction and with departmental honors in education with a general elementary teaching credential. She will be a member of the Centerville Elementary School faculty this coming school year.

POSTMASTERS TO MEET

The Alameda County Postmaster's Association will meet at the International Kitchen at 7 p.m. Wednesday with Niles Postmaster Edward E. Enos as host.

Speaker of the evening will be E. Dixon Bristow, who will address the group on the subject, "Public Relations." A report on the recent convention at Hoberg's will be given by Joe Chargin, post master of San Jose. Twenty-five postmasters and their guests are expected to attend.

NEWARK WOMAN INJURED

Irene Rogers, Newark, suffered minor injuries in San Jose Tuesday afternoon when the car in which she was a passenger collided with another machine on Santa Clara street. The crash involved cars driven by Looey Allie Ledford, Newark, and Eula Miller Byrne, San Jose.

CHARGE OF FRAUD AGAINST FORMER NILES TEACHER

A complaint was signed Wednesday by E. Dixon Bristow, district superintendent and principal of the Niles Elementary School, charging a former teacher with "accepting public money under a false name."

The complaint has been filed with Alameda County authorities against Jackson Sweeney, 29, who taught the eighth grade, physical education, and drove the school bus here during the 1945-46 school year.

According to the report of county authorities, Sweeney obtained his teaching post by using the college credentials of a cousin and taking his name. In this manner, it is charged, Sweeney was granted State board of education credentials for elementary school teaching.

Bristow said yesterday that the ruse was discovered when the cousin returned from duty with the armed forces and attempted to get his college credentials. He added that during his year of teaching here, Sweeney received $2,700 in public funds as a salary.

CENTERVILLE LIONS ELECT R. L. MOORE

A slate of candidates to head the Centerville Lions Club for the next year was nominated and unanimously elected at a meeting of the group held Tuesday evening at the Santa Rita Prison Farm.

The new officers, who will take over at the July 6 meeting, are: Robert L. Moore, president; Ralph Goodwin, first vice-president; A. B. Christensen, second vice-president; Erle Hygelund, secretary; Judson Taylor, tail twister; Kurt Suhnel, lion tamer; and Past President Dwight Thornburg, Tom Maloney, Irving Hird, Jim Logan and Gene Manning, directors.

Fifty of the members attended the meeting at the prison farm as "special" guests of Sheriff H. P. Gleason. After being conducted on a tour of the farm by Under Sheriff Leon Ader, the group enjoyed a ham dinner, served to them at $1.50 per plate. Dinner music was furnished by a group of the prisoners. Ader then told the group of the operation of the prison farm and revealed that because of the large acreage at the farm now under cultivation for vegetables it is possible to quarter the prisoners at $1.91 per day, far below the daily cost of many other prisons.

BIBLE SCHOOL TO START MONDAY

The annual vacation Bible school of the Newark Presbyterian Church will open next Monday, June 14, and will continue for two weeks, according to an announcement by the Rev. Carl Soults, pastor of the church.

FIRE FIGHTERS ISSUE WARNINGS

Fire chiefs of all the communities of Washington Township warned residents this week to clean up the weeds in vacant lots and back yards as a fire precaution.

Niles Fire Chief Clarence Crane said, "The grass and weeds are now beginning to dry and should be cleared away before they can ignite and cause serious damage." He added that the fire crew will begin the summer vigil of keeping a skeleton crew at the firehouse each Sunday and holiday in the very near future.

All the chiefs pointed out that it is not permissible to burn any grass or rubbish without first obtaining a permit from the chief of your district.

BEGIN WORK ON NEWARK MARKET

Construction on the new super market of the William F. Freeman Grocery at the corner of Magnolia and Thornton avenues, Newark, was begun this week with workmen pouring the concrete foundation for the 70 by 100 foot building.

A. G. Stoll, San Francisco sales agent, who has taken an active part in the growth of the business district of the community, has reported that the market will represent an investment of $150,000 in the building, equipment and merchandise. It is being constructed on a 75 by 223-foot lot to afford ample parking facilities.

Directly across Thornton avenue, Frank Crossman, Niles contractor, is nearing completion of a four-unit building which is slated to house a baby shop, dress shop, beauty salon, and coffee shop. The building is being constructed for Mr. and Mrs. C. Forsberg of San Francisco.

NO IMPROVEMENTS FOR ESCOBAR HILL ROAD

Mrs. Elizabeth Sloan, secretary of the Warm Springs Chamber of Commerce, revealed this week that she had received a reply from the State Division of Highways in response to a letter asking for improvements of the Mission San Jose-Livermore hill road. The letter stated that because of a limited budget it is only possible to care for the most critical road conditions and it was not felt that any immediate correction of the road could be made.

The work of laying the sewer lines throughout the area began last fall and was completed some two months ago. However, the district could not accept the contract as completed, nor allow any connections, until final approval of the roads affected by the digging, had been accepted by the state. The announcement was made by George Coit, a director of the district, that final acceptance of the roads had been received from the California Division of Highways on Wednesday.

ALVARADO SUGAR PLANT CLOSES FOR LACK OF BEETS

The Holly Sugar plant at Alvarado, which opened for the annual spring run of beet processing on May 18, was forced to close down the slicing operation last Saturday, lacking a sufficient quantity of beets for operation.

J. A. Ratekin, plant superintendent, said the plant had been operating at about one-half its normal production and expressed hope that it could again get back into production by this week-end.

All beets processed in the spring run are shipped here from the Imperial Valley and Ratekin blamed post seasonal rains in that area for the lateness of the usually heavy run. He said that because of the heavy rainfall growers have been unable to get into the fields to harvest the beets. "We had planned to finish the spring processing run about July 25, but it is impossible to ascertain at this time just when it will close because of this delay," he added.

In regard to the local beet crop, Ratekin said this week, "The estimate by our Chief Agriculturist, A. K. "Andy" Logan, is that 16,500 acres of sugar beets are now planted in the local region that supplies this factory." The local crop last year was 14,500 acres, thus indicating an increase of 2,000 acres.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

NO NEWS LAST WEEK

Gee, it seems that I was really missed last week when I came up with "No News." So sorry folks, but a week-end holiday full of toothache, etc., and late arrival home just would not permit me getting in my usual news, but I'm back and thanks for missing me.

LOVELY DINNER

A little late but it is O. K., I guess, was the lovely dinner served last Sunday at the home of Mr. and Mrs. Daniel K. Cross and family on Durham Road to his brother and family of Redwood City, Mr. and Mrs. Floyd Cross, and to his mother, Mrs. Elsie Wilcox.

DAY AT ZOO

Mr. and Mrs. Tom Santos, Diane and Michael of Burlingame, and Mr. and Mrs. "Bud" Justus and daughter, Cynthia Gail of El Cerrito, spent a full day Sunday at the Zoo in San Francisco where the little folks (and their mommies and daddies too) had a marvelous day doing all the kid things we all love so well. Mr. and Mrs. Justus and Cynthia motored to the Santos home on Saturday and spent the week-end and from there to San Francisco.

VISITS HERE

Miss Daris Coy from Ogden, Utah, spent a few days here at the home of her aunt, Mrs. Janie Lofton. On July 15 Mrs. Lofton and her daughters, Lola, Iras and Marveen, are leaving for Ogden for a two weeks' vacation, where they will attend the first family reunion for the Martins who are Mrs. Lofton's family. It will also mark the First Pioneer Celebration to be held in Ogden and many of the Martin oldtimers were early pioneers, so they will all attend while there.

AT PLACERVILLE

Mr. and Mrs. Glenn Bottenberg spent the holiday week-end at Placerville at the home of Mr. and Mrs. N. J. Kamp and daughters, Vicki and Teri. They left early Saturday morning, had breakfast at the Kamps and all went to Lake Tahoe. Mr. Kamp will be auditor and accountant for a large concern there until October 15, so the Kamp family joined him this past week-end to vacation all summer at the lake. I bet a lot are saying: "Lucky people."

WEEK-END GUESTS

Mr. and Mrs. George Murray were week-end guests at the home of his sister, Mrs. Ray and family of Oakland where they and many other guests surprised Mrs. Ray with a birthday anniversary party. Keith Simeonson, a nephew of Mr. and Mrs. Murray, who has been vacationing here for several weeks, returned to his home in Hamilton, Montana.

PRIZE RABBITS

Bob Lofton, son of Mr. and Mrs. Marvin Lofton, is entering about ten of his prize New Zealand Whites and Himelian rabbits in the county fair at Pleasanton on the 9th of July, and will stay there for the four-day period. He entered some at the Junior Rodeo in Livermore and also at the Washington Union High School at Centerville where he won several ribbons.

ENTERTAIN

There was a very colorful group of young folks alighted from a bus marked "Sequoia" at the Convent gate. All were dressed in blue trousers or skirts with white blouses and each carried a musical instrument. They played for the sisters during the afternoon on Monday.

BACK HOME

Rev. Father George Bourque of Dominican Convent has returned from a vacation to his home in Ottawa, Canada. His father, who had been very ill, is much improved but still not out of danger. Reverend Bourque visited New York City, Chicago, Albuquerque, New Mexico, where he stayed with old friends, Los Angeles, and home again, so he had quite a long and exciting trip. In Arizona they were nearly brought to a standstill on the train for miles because of a severe hail storm which left six inches of hailstones everywhere. He is a bit glad to be back from the happy smile we see on his jolly face.

AT MISSION

Reverend Peter Curran of Oakland is also in the Mission now and will be back and forth all during the summer (if we ever have any).

ATTEND DANCE

Josephine Fernandez, accompanied by Ed Chambers of Palo Alto and Grace Meyers escorted by Frank Vieth of Alma, attended a Boy Scout dance at Alma on Saturday, later going on to San Jose.

WAR MEMORIAL

In the quiet of last Sunday morning, broken only by the traffic through town, the Mission Young Men's Club again sponsored another memorial to our war dead. For some time now they have been working on the erection of a 35-foot flag pole which stands back of the monument which they erected last year in memory of Ernest Azevada, Tony Cardoza and Joseph Silvaria.

It is finished, so Sunday, June 6 (it was supposed to be a Memorial Day ceremony but was rained out), with the aid of the Legion under the leadership of LeRoy Broun of Centerville, it was dedicated. Mr. Broun read an inspiring message, followed by Father Leal, who lead in prayer. St. Mary of the Palm girls sang "The Star Spangled Banner," following which Leslie Callahan presented the flag, which was given for the occasion by Mrs. Katherine Azeveda Burt, whose husband's casket was draped with this flag. The flag was raised in silence while Rev. Leal pronounced the benediction.

So to our brave dead another memorial is pledged.

Y.M.I. TO INITIATE CLASS OF CANDIDATES

A class of 15 candidates will be initiated into the Lady of Fatima Council, Y.M.I., at Mission San Jose Wednesday at 8 p.m. at the I.D.E.S. Hall.

President Edw. L. Rose said this week that the 15 represent the last group that can become charter members in the newly formed organization. The new group will bring the total number of members to 75, he added.

The initiatory team of Council No. 2, of San Jose, will be in charge of the ceremonies.

Annual Meeting of the First Church of Christ, Scientist, Boston, Mass., June 7, 1948

BOSTON, Mass., June 7.—Declaring that democratic government is the instrument through which an irresistible, spiritual force is being channeled into the affairs of men, The Christian Science Board of Directors today urged Christian Scientists, in annual meeting here, to work strongly and actively for the defense of free governments throughout the world.

Rightly conceived, the Directors told the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, democratic government is something more than an aggregation of legislative acts and legalized rules of conduct.

"It is the orderly unfoldment of the moral character and spiritual integrity of its citizens," the spokesman for the worldwide Christian Science movement affirmed. As such, they said, free government rightly merits active defense of its sacred purpose, in addition to the pious declarations of allegiance to its outer form.

Thousands of Christian Scientists from many parts of the world heard the Directors issue a distinct challenge to the proud, boastful "Goliaths of today, as they go to and fro in the earth. Denying God, they are denying their own life, for God is the only life of man," they stated.

In free governments, now seriously endangered by the modern Goliaths, the Directors commented, there is a force that gathers its strength from "the same eternal truth given by Christ Jesus in his peerless Sermon on the Mount." Ultimately it shall be seen, they said, that "no individual or nation on earth can withstand the power and presence of God and His Christ."

The Directors' statement highlighted a series of papers and reports made to the Annual Meeting. Set against the background of the great Mother Church dome and the Church park resplendent with mid-Spring blooms, the reports stressed the renaissance of religious activities throughout the post-war world, and reemphasized the privileges of free assembly and freedom of worship as the human symbols of "spiritual freedom."

With the warnings of serious dangers to democratic government, the Directors also gave assurance that the antagonists of free government, like the Goliaths of old, were merely "inviting their own doom."

The Israelites of old were faced with similar problems, the Directors continued. Confronted with seeming extermination by the overwhelming armies of the Philistines, who sent forth Goliath to intimidate them, they did not quail, the statement said. Did Goliath succeed in defying the armies of the living God? No!

"He fell a victim of his own false trust. The Christ, the Truth, guided the hand of the shepherd boy, and the enemy was slain through David's absolute trust in the power of God."

Defense of the democratic form of government, the Directors reasoned, requires a practical preparedness, one inspired by prayer and guided by divine wisdom. And they added that a union of nations, to endure, must have a spiritual foundation.

"Nations must possess kindred qualities of thought, culture and purpose. These, when based on spiritual elements which survive the destructive effects of friction, serve as the only lasting bond and impregnable bulwark of men and nations."

To the standard bearers of Christian Science gathered in The Mother Church, the Directors gave this admonition: "The celestial light given in the Sermon on the Mount fills the world with its irresistible power and presence. No godless boasting, no ideology, no atomic force, no iron curtain can stay in power."

The incoming President, Harry C. Browne, whose only official duty is to preside at the Annual Meeting, declared that the success of any organization, institution or government depends upon the spiritual efficacy of the governing or controlling instrument.

"With the problem of world peace confronting us," he said, "these same divine qualities applied in individual thought and action will be found as potent and as powerful as they were in Jesus' time."

Other reports from the Treasurer and Clerk of The Mother Church, The Christian Science Board of Lectureship, Trustees of The Christian Science Publishing Society, Committee on Publication, and Trustees under the Will of Mary Baker Eddy stressed the worldwide progress of the Christian Science movement during the last year.

New high advertising peaks for The Christian Science Monitor were reported. A new air-mail plan in keeping with the trend of worldwide news distribution was described under which subscribers in London, Los Angeles, and San Francisco can obtain speedier deliveries.

More than 6,000,000 people listen to the weekly Monitor broadcast of "The Christian Science Monitor Views the News," it was disclosed by the Trustees of the Publication Society.

Circulation of all Christian Science periodicals was reported to be continuing to set new high records.

From the Committee on Publication, center of an official, worldwide network of information, came the report of a postwar revival of religious activities in foreign countries.

Radio transcribed religious programs sponsored by The Mother Church, the Committee on Publication pointed out, are now given once a week over more than 400 stations in the United States, Alaska, Canada, Hawaii, Canal Zone, Cuba, Bermuda, Australia, and New Zealand. Demands for these programs are expanding the radio activities as rapidly as circumstances permit, it was stated.

The Committee conservatively estimated that these religious radio programs were being heard weekly by more than 6,000,000 people.

The retiring President of The Mother Church, Mrs. Helen Chaffee Elwell, of East Hebron, N. H., and Boston, reiterated the need for zealously guarding the democratic privileges of free assembly and freedom of worship, which Christian Scientists, she said, were exercising today in annual meeting.

Individuals and nations can no longer remain isolationist in thought or action, Mrs. Elwell commented. Selfishness, she said, gives place to unselfishness, lethargy and inaction are superseded by the prompt response to a brother's need.

"Such action," she said, "constitutes democracy in action."

In the clerk's report, the broadening expanse of Christian Science activities throughout the world was evidenced. In Germany and Japan, he said, groups of Christian Scientists with occupation forces are holding services. The Christian Science Church in Tokyo has been reestablished, he disclosed with the reading room and Sunday School.

At Pearl Harbor, and on the islands of Guam and Okinawa, Christian Science Services are held in Navy chapels, the Clerk reported. Temporary aid is being given to Christian Scientists living in 21 hard-pressed countries, he pointed out.

Other widespread activities of The Mother Church were reported by the Clerk, such as the supplying of food, literature, books, and clothing to Germany, and the setting up of a network of joint welfare communities through which supplies can be channeled to displaced persons and isolated students.

"It is quite evident," the Clerk reported, "that this far-flung activity of aid, gifts, and contributions made through The Mother Church has reached to all parts of the earth."

Biographical Sketch, Incoming President. The First Church of Christ, Scientist, in Boston, Mass.:

Mr. Harry C. Browne was born in North Adams, Massachusetts, where he received his education in the public schools. After leaving high school, he began the study of law, which was interrupted by the Spanish-American War, in which he saw active service. During the winter following the war, Mr. Browne lectured on his experiences. In 1910 he became interested in the theater, and for 25 years he toured the United States and Canada as an actor, being associated with many of the foremost producers and managers.

Mr. Browne became interested in Christian Science in 1910 following the healing of his wife. He joined The Mother Church in 1916, later uniting in membership with First Church of Christ, Scientist, Flushing, New York, which he has served as a member of its board of trustees. He received Primary class instruction in 1919. He left the theater in 1926, removing to New York City two years later. There he joined Second Church of Christ, Science, and served that church for a full term as First Reader, as well as in other capacities, including three years as a member and chairman of its board of trustees. In 1931 Mr. Browne withdrew from the position of production director and announcer for the Columbia Broadcasting System to devote his entire time to the practicing of Christian Science. He served as First Reader in The Mother Church from 1938 to 1941, and in 1942 was elected a member of The Christian Science Board of Lectureship. During a period of retirement from this work for study and practic, Mr. Browne was appointed official speaker for radio programs to be broadcast in person and by transcription for The Mother Church, in which activity he is still engaged. NEW FACTORY OPENS IN NILES

A new manufacturing plant, involving an initial investment of more than $30,000, went into production operations in Niles this week. It is the Niles Shuffle Board Company, owned and operated by Burlia James and Clarence Golden.

The plant, located at the rear of the James home on Second street, has the equipment necessary to manufacture shuffleboards and electrical score boards, whose combined retail value, with installation, runs close to a thousand dollars apiece.

With 15 men already employed, the partners expect a rapid expansion of their factory as demand for the machines increases. Locally, they have already installed them in the Columbia and the Niles Club in Niles, and in the Bear Cat in Centerville. Orders from all over Northern California as well as from Los Angeles have been pouring in.

In addition to the factory here in Niles, they also have a plant in Berkeley. As soon as a large building can be located here, however, they expect to consolidate the two.

A workable seeding machine for Muscat raisins was developed before 1880.

'Hat' Breakfast Brings Laughs

Rivaling the late Tom Breneman's breakfast and funny hat show, was the breakfast Mrs. Henry Vervais gave recently at her home in Niles. The guests were invited to breakfast with the proviso that they appear in hats made by themselves—hats that were to be either funny or cute.

The guests fell into the spirit of the occasion with such enthusiasm that some of the hats are still being talked about. The concensus was that Mrs. Peggy Cozzi's was the most original. Hers was adorned with honest-to-goodness fried eggs and bacon.

The others present included Mmes. Peter Juhl, Allan Hirsch, Lyle Buehler, Malcolm Cole, Robert Moore, L. R. Batman, Ted Logan, Harold Janssen, Irving Hird, Tom Robbins, W. F. Lamoreu, and John Berchem.

Third Child

Mr. and Mrs. Leland J. Goularte of Niles are three-time winners, with the birth of their third child on June 4 at San Jose Hospital. Little Darrell Goularte, weighing 8 pounds 13 ounces at birth, has a four year old sister, Zelma Lee, and a two year old brother, Leland Jr.

Flying out from Chicago to pay a surprise visit to his sister, Mrs. Tom Robbins, and her family, was Ed Merman and his daughter. The Robbins, wanting to show them the sights of California, took them up to Yosemite for a few days.

Mr. and Mrs. R. A. Alberts of Newark motored over to Modesto last Sunday to visit friends and relatives. They reported that the weather over there was "pretty hot."

Birthday Fete

Mr. and Mrs. Joe Burnsed, Irvington, in celebration of her birthday, last Saturday evening motored to San Jose for dinner and the theater. Sunday, Mrs. Burnsed and her son, Richard, were again feted for their birthdays with a picnic at Alum Rock. Those attending were Mr. and Mrs. Fred Kuhne and daughter Luella and son Freddie, Mr. and Mrs. A. T. Burnsed and Larry Stewart.

Daughter to Fuentez

Mr. and Mrs. Joe Fuentez, 416 Eleventh street, Decoto, are the proud parents of a new daughter born May 31 at Community Service Hospital in San Jose. The little lady has been named Susan.

Second Son

Mr. and Mrs. Nick Pessagno of Niles are receiving congratulations this week upon the birth of their second son, Larry Joseph, who was born June 8 at the Alameda Hospital. Larry's big brother is Nicky Jr., four years old. Larry weighed six pounds and 13 ounces at birth.

DISCUSSION GROUP MEETS AT THE HOME OF MRS. HOWARD BRADBURY

By ETHEL AVILLA

Meeting at the home of Mrs. Howard Bradbury last Wednesday, the Decoto Discussion Group engaged in an inspired discussion of "Vain Shaddow," by Hartzell Spence. This very readable romantic biography of Orellano, discoverer of the Amazon River, is the result of a trip into the heart of the Amazon country made by Hartzell Spence and his wife who, for over three years, studied and gathered authentic data concerning this truly great man about whom he has written.

The discussion was under the leadership of Mrs. Clifford Johnson whose beforehand preparation and skillful questioning brought out the many highlights of the book.

Preceding the meeting, a very delicious luncheon was served by the hostess. The tables were beautifully set with rare old china on crocheted cloths.

The group will meet next at the home of Mrs. Ed Goularte. Poetry will be read and discussed by all. There will be no leader for this meeting.

Stork Shower

Mrs. Robert Murrill of Irvington was the honoree at a stork shower given at the home of Mrs. Michael Richards last Saturday by Mrs. Richards, Dorothy George and Vivian Costa. Guests included Jennie Adams, Mrs. L. W. Krueger, and Betty Krueger. Refreshments of ice cream and cake were served. Mrs. Merrill received many lovely presents.

Attend Christening

Mr. and Mrs. Joe Kirkish, Centerville, motored to Sunnyvale Sunday to witness the christening of the infant daughter of Mr. and Mrs. Henry Kirkish.

Family Addition

There's plenty of excitement at the home of Mr. and Mrs. J. Dooley of Niles this week. It's almost like Christmas time, for they are in receipt of a very precious gift—a fine, two-months-old baby boy, Gary Wayne, whom they adopted.

Home from College

Miss Helen Griffin, who is completing her junior year at the University of California at Berkeley, is expected home in a week or ten days to spend the summer with her parents, Mr. and Mrs. R. A. Griffin of Irvington.

Visit in Los Angeles

Mr. and Mrs. R. L. Pond and daughter, Mrs. Evelyn Briggs and two daughters, of Irvington, spent from Saturday to Wednesday in Los Angeles visiting at the home of their son and daughter-in-law, Mr. and Mrs. Gordon Pond.

Newark Girl Will Receive B.A. Degree

Miss Adele Bertolotti of Newark will be among those to receive the bachelor or arts degree at San Jose State commencement exercises June 18. For the first time in the history of the college, graduation exercises will be held at the stadium instead of the "quad." Miss Bertolotti majored in commerce and business education. Recently she was honored at the recognition assembly where outstanding students receive awards for service or scholarship. She was honored for outstanding service to the school as a whole and to the senior class, having been treasurer of the latter group.

While at State she has been active in many groups, holding membership in Kappa Delta Pi, education honor society; Alpha Omicron Pi, social group; and this year was secretary for Pi Omego Pi, national commerce honor society. Her plans for the next year are still indefinite. This summer she will return to her job as a personnel worker in a Hayward firm.

Co-Hostesses at Saturday Tea

Hostessing a large tea last Saturday afternoon were Mrs. Tom Robbins and Mrs. Jack Rees at the latter's new home in Hayward. Many localites, who had not seen the Rees' home before, were enthusiastic over its modern design and spaciousness. The Rees family—now numbering five with the latest addition of another son—formerly lived in Centerville.

About 30 guests were present at the tea Saturday. Mrs. John McIntyre and Mrs. Fred Kiessel poured. A flower arrangement in all-white highlighted the attractively set table.

Miss Sally Mayock, daughter of Mrs. Ann Mayock and the late Robert Mayock of Mission San Jose, received her bachelor of arts degree last Sunday at commencement exercises at Mills College. She was one of eight, of a class of 114, to graduate with distinction. Her major was history and government.

A graduate of Palo Alto High, Miss Mayock has made a name for herself during her four years at Mills'. She was not only president of the senior class, but received the coveted Phi Beta Kappa award. She also received the California Historical Society Award, and the Southwest Regional Soroptomist Fellowship, which will entitle her to attend Stanford next fall in the graduate school of political science. While there she will act as resident assistant.

Sally, at present recuperating from a round of pre-commencement entertainment, was hostess at a large barn dance last weekend at her home, Los Amigos. About 60 young people, girls from Mills, and men from Stanford, were present.

Many 'Firsts'

A son was born in the O'Connor Hospital in San Jose on May 29 to Mr. and Mrs. Herman Mesquite, formerly of Niles. They now live in San Leandro. Little Steven weighed 7 pounds 11 ounces at birth. This makes Mr. and Mrs. Mesquite of Niles first-time grandparents, and also Mr. and Mrs. J. L. Silva of Warm Springs. Steven can lay claim to further distinction by being the first grand-son of Mr. and Mrs. Herman Mesquite Sr. of Niles.

ALL-WHITE WEDDING UNITES EVELYN SANTOS AND LUCAS ZABALLOS IN NEWARK

By THELMA McNIEVE

An all-white double ring wedding ceremony was performed before the altar of St. Edward's Church in Newark on Sunday afternoon, June 6, at two o'clock, with the Rev. James J. McLaughlin officiating, when Miss Evelyn Santos became the bride of Mr. Lucas Zaballos of Hayward.

Evelyn, who was escorted to the altar by her father, Mr. Ernest Santos, chose as her wedding gown slipper satin, beautiful in design, with a square neck, long tapering sleeves, and a close-fitted bodice embroidered with seed pearls. The full skirt cascaded into a three-yard train. Her long veil of French lace, with insets of satin at the bottom, was held in place with a tiara of orange blossoms and was draped over a shorter illusion veil. She carried a shower bouquet of white carnations, with a centerpiece of three orchids and bouvardia streamers. A four-strand pearl necklace completed the lovely picture she made.

Ernestine Silva, childhood friend of the bride, was chosen as her maid-of-honor. Attendants were Miss Lydia Zaballos, Miss Teresa Martin, Miss Mary Corchero, Mrs. Alice Garde and Mrs. Emily Cabral. All wore white taffeta gowns, the skirts made over a hoop designed with scallops held in place with clusters of forget-me-nots. The honor attendant carried an old-fashioned bouquet of white carnations with lavendar center and the bridesmaids' were the same except for color, which was varihued carnations with white center. Matching long gloves and picture hats completed their costumes.

Little Miss Patricia Martin, flower girl, was dressed in a replica miniature of the attendants. Master Ronnie Zaballos. brother of the groom, acted as ring-bearer, carrying the rings on a beautifully made heart-shaped white satin pillow.

Mrs. Ernest Santos wore a grey suit with navy blue accessories and an orchid corsage for her daughter's marriage.

Mrs. Faye Martin, grandmother of the benedict, chose a navy blue and white print gown and an orchid corsage.

Ronald Baptist was best man, and ushers were Steve Martin, Dick Martin, Ray Cabral, Frank Hernandez and Jay O'Brien.

The bridegroom is the son of Mr. Mitchell Zaballos of Hayward.

Organist was Mrs. Edalina Vargas of San Jose, cousin of the bride, and soloist Mrs. Alves, also of that city, sang the "Ave Maria," while the bridal party stood before the altar before the reading of the marriage ceremony.

Dinner was served to over seven hundred guests at six o'clock at the Newark Pavilion, followed by the reception.

For her going-away costume the bride chose a rose-colored suit, navy blue accessories and an orchid corsage. The just-weds left on a two weeks' honeymoon trip, destination unknown.

Mrs. J. H. Chilcote of St. Joseph, Missouri, arrived Wednesday for a week's visit at the home of her son and daughter-in-law, Mr. and Mrs. William Chilcote, in Newark. Before returning to her home she will go to Long Beach to visit another son, Ken Chilcote and family.

In Hospital

Mrs. Kenneth Green of Niles underwent surgery at Alameda Hospital on Wednesday evening. Her two daughters, Anna Mae and Carolyn are staying with their grandmother, Mrs. Carie Martin.

CENTERVILLE LIONS 'DISCOVER' NEW SOFTBALL TEAM

A challenged softball game, which was played at the Washington High School diamond last Sunday between the Lions Clubs of Centerville and San Lorenzo, ended in a lopsided victory for the localites and left them stunned at the heretofor undiscovered power of their winning combination.

In one of the dustiest, high scoring contests ever staged on the home field, the local Lions tamed the visitors to the tune of 27 to 7. The Centerville Club, without benefit of practice and compiling a line-up merely on the fact that so-and-so "remembered" playing such-and-such a position many years ago, went into the game with the idea of taking a sound drubbing from the organized and regular playing San Lorenzo aggregation. Now the players are faced with the problem of standing on their laurels or attempting to go on to greater achievements by scheduling additional games.

The starting line-up for the Centerville sluggers featured such "greats" as: Walter Labato, pitcher; Pat Luna, catcher; Tom Maloney, first base; Ralph Boliba, second base; Clyde Voorhees, third base; Jud Taylor, shortstop; Art Belshaw, short field; George Harvey, left field; Robert Moore, center field; and Ralph Goodwin, right field. Also seeing action during the game were Judge Allen G. Norris, Loren Marriott, Henry Enos, and Chick Santos.

TROUT FISHING

Trout fishing has been good during the past few days on Huntington Lake, Fresno county. Numerous limits have been taken.

Salmon weighing up to 40 pounds have been taken from the Sacramento River recently in the Glenn County area.

PORTO RICANS WIN RETURN MATCH

The Porto Rican baseball team of Decoto avenged their 6-1 defeat of last week by defeating the Marlo club, also of Decoto, 6-5, on the home field Sunday afternoon.

The return matching of the two Decoto teams brought out a record attendance of baseball fans, who saw a well-played, closely matched game until the final out of the last inning.

The Porto Ricans gained an early lead and went into the sixth on the long end of a 6-2 score. Leal smacked out a home run in the sixth for the Marlo club with one runner on base, closing the gap to 4-6. Al Ferreira's club staged a ninth inning rally which netted one run but fell short of tying up the game.

Sunday at 2 p.m. the Marlo Club will be hosts to the Duarte Market team of Hayward on the Decoto Elementary School diamond.

COACHES PREVIEW GRIDIRON MATERIAL

The Washington Union High School coaching staff, Jud Taylor, Irv Hird and Clyde Voorhees, got a sneak preview of what they can expect next fall in the way of gridiron material in a spring practice scrimmage against Hayward High School on the local field Friday afternoon.

With the bulk of last year's powerful varsity team back again for the 1948-49 year, Coaches Taylor and Voorhees have reason to be hopeful of an undefeated season in the Santa Clara Valley Athletic League. The major weakness revealed in the Friday scrimmage was in "depth" or replacements for the starting line-up. The Huskie's forward wall, with such veterans as big Fred Duffie, Jack Gaunt, Danny Goularte and Jim Herring, should have little trouble bulldozing any opposition.

Coach Hird was not as optimistic about his "30" squad, pointing out the uncertainties of perhaps losing some of his best material to the varsity squad next fall.

However, all in all, it looks like a bright football season next year for the Washington Huskies.

FRICK'S AT TOP OF LEAGUE LADDER

The Frick Plumbing team of Niles continued it fine performance in the Hayward Softball League during the week by remaining in the top spot tie with Mel and Rudy's club, both with no scratches in the defeated columns.

The local team was unscored on until this week when they took a 11-5 decision from Valley Food Center.

JR. LEGION BOWS TO BERKELEY; DEFEATS ALAMEDA POST CLUB

Coach Irving Hird's Junior Legion baseball team, playing under the banner of Joe Adams, Centerville Ford dealer, split their two week-end games losing in extra innings last Saturday to Berkeley Post No. 87, but coming from behand to down Alameda Post No. 9 on Sunday afternoon.

The Washington lads scored two runs in the second inning of their game Saturday and clung to that lead into the seventh and final inning, but the Berkeley club turned out to be die-hards and drove in two runs in the seventh to force the game into extra innings. The upper-county club returned in their half of the eighth to score two more runs and grab the victory. Pitcher Gene Bramwell held the winning club to five hits but his teammates were able to get but three hits.

Sunday afternoon the Hird team unleashed a batting attack that netted them 14 hits and brought them from behind to win 6 to 4 over the Alameda team.

Hird unveiled what he terms his surprise of the season, in starting little hard-hitting Vernon Machado, usual short-stop, on the mound for the local team. Machado turned in a fine performance for his first workout on the mound.

Saturday at 2:30 p.m. the local legion team will be hosts to the Oakland team on the Washington high school diamond. Sunday they will journey to Albany for a 1:30 p.m. game.

FIRST DEFEATS DEALT KLEINES, MISSION FIREMEN

Play in the Washington Township Softball Association American and National Leagues tightened up during the past week and featured a series of upsets as far as the spectators were concerned.

Both Mission Firemen and Kleine's, undefeated in the first two weeks of play, were dropped from the 1.000 percentage column, leaving only Pacific States Steel in the National League with an unblemished record of four wins against no losses.

KLEINES DUMPED

A summary of the week's games follows:

Thursday evening Wedgewood had little trouble downing the National League cellar team, Kraftile, 7 to 1, and Mission Firemen, in the night-cap, thoroughly drubbed Native Sons 12 to 0.

Friday Central Chevrolet went on a hitting jamboree that cost Kleine's their first loss of the season, winning by a score of 7 to 4. In the second game of the doubleheader Pacific States Steel continued its pennant march by downing Frick's 6 to 3.

Monday evening Wedgewood downed L & V in the National 11 to 6 and Lawrence Rogers came near getting a no-hitter for the Mission Firemen in dumping Westvaco 10 to 0. Rogers struck out 15 men and had two outs in the final inning before he was rapped for a hit.

FIRST WIN

Tuesday, Native Sons in a surprise upset, scored its first win of the season by blanking Central Chevrolet 6 to 0. The second shutout of the evening was accomplished by Pacific States Steel at the expense of Kraftile to the tune of 7 to 0.

Wednesday's games saw Wedgewood squeezing out a 4-3 win over Frick's and closed with the best game of the season thus far with Kleine's bumping Mission Firemen for their first defeat. The Kleinemen, scored two runs in the fourth inning and went into the seventh and final inning still maintaining that margin. The firemen rallied and tied up the game but in the ninth frame with two outs the Kleinemen brought in the winning run.

The first half of the season will close Monday evening with play to be resumed in the second half of the split season the following evening.

Trout angling has been good on Plumas County's recently opened Butt Creek. Many sizeable fish have been taken.

FLYING

The Center Field Pilots flew en masse to Tracy last week-end and enjoyed a program put on during the Annual Frontier Days celebration. With several hundred other flyers, they were met at the airport and hauled to town in big trucks where a regular chuck wagon breakfast was enjoyed. Jack McGinnis, Neils Neilsen and "Nooky" Cardoza were the eating champs and when last seen were still eating when the tables were hauled back to town. Among those who made the flight were Walter and June Stammet in the "Doodlebug," Clyde and Ruth Higuera in "Miss Patsy," Pete DeTrant and Johnny Montero in "El Diablo," Tom and Bernice Wilson in "Chughead II," Neils Neilsen in the "Yellow Peril," "Nooky" Cardoza in the "Bucket of Bolts," and Jack and Ralph McGinnis in the twin engined "Jane Russell."

The local flyers are putting on one of their super-duper dinner parties at Hidden Valley this Saturday night. The dinner will be followed by dancing and several stunts have been planned with the presentation of the Dilbert Cup as the main event.

The week-end of June 19 will see the Center Field Pilots flying to Columbia for the big Lions Club Air Show. Saturday night will feature an all night hangar dance followed by breakfast and an air show on Sunday. Those all night dances can be very rugged up in the hill country so the boys are in training for quite a time. They plan to take along their sleeping bags in case the mind is willing but the flesh is weak. It is a sign of age when you figure that the after effects are not worth the fun.

NILES MERCHANTS BEAT OAKLAND CLUB

The Niles Merchants toppled the Frank's Oasis ball club of Oakland by a score of 10 to 6 on the Lockwood diamond in Oakland last Sunday afternoon.

Junior Holderfield started on the mound for Manager Tom Pugmire, but tired in the seventh after allowing but two runs, and was replaced by Joe Peters.

The Niles men had a great day at the plate, hammering out a total of 14 hits.

Sunday at 2 p.m. Niles will meet Irvington on the Irvington Elementary School diamond for the first encounter between the two township teams thus far this season.

STRIPED BASS ANGLING

Striped bass anglers have enjoyed first-rate sport recently on the San Joaquin River near the mouth of the Mokelumne River and off Potato Point.

NILES-IRVINGTON GAME SCHEDULED

Local baseball fans will have an opportunity to see two Washington Township teams in action Sunday when Niles journeys to Irvington for the first meeting of the season of these two clubs on the Irvington Elementary School diamond.

The game has been called for 2 p.m., and Managers Frank Mayer of Irvington and Tom Pugmire of Niles will be out to snag a win at all costs.

The Irvington club is stinging from its defeat Sunday at the hands of Hernandez Market of Hayward, the second loss for Mayer's club on its home field in as many starts. The Irvington lads got off to a good start but weakened in the fifth inning, allowing the visitors eight runs, ending the battle in a 9-6 victory for the visitors.

MAYOCK BROTHERS WIN OLYMPIC TEAM RIFLE TRY-OUTS

Doug and Stoney Mayock, sons of Mrs. Ann Mayock of Mission San Jose, distinguished themselves last Saturday in Richmond by outshooting a field of 100 contestants in the Olympic tryouts of the National Rifle Association at the Richmond Rifle Range.

The boys, both competing for the first time in outdoor competition at a greater distance than 50 feet, won first place in their respective events.

Stoney won first honors in the marksman class, shooting a .22 calibre rifle with iron sights at a distance of 50 meters. Doug placed first in the marksman class shooting a distance of 100 yards with a .22 calibre rifle with iron sights.

Both of the local sharpshooters received medals for their achievements and became eligible to compete in the regional meet at Santa Barbara on June 11, 12 and 13. They stated this week, however, they would not be able to make the trip because of their work at Los Amigos vineyard.

Both boys are active members of the Tangle & Twist Rifle Club of Mission San Jose and Doug is also a member of the Niles Sportsmen Club.

GIVE PREVIEW OF 1949 MODEL FORDS

The 1949 Ford, which reveals a radical departure from traditional Ford styling and engineering, was made public this week by the Ford Motor Company.

First public showing of the new models will be June 18 and on that date Joe Adams, Centerville Ford dealer, will have open house and has invited the public to visit his garage and see the new car.

The modern design has been molded along functional lines, resulting in a long ,low, sweeping silhouette. The grille is distinctive, the hood massive but shorter and the body so wide the rear fenders have been eliminated. There are clean, unbroken lines from front to rear. Front seat widths have been increased six inches and the rear seat nearly eight inches. The body has been moved five inches forward with the seats cradled between the axles for a much smoother ride.

A new type of suspension system—"hydra-coil" springs — replaces the traditional transverse springs and the front axle. This system is centered around airplane type shock absorbers mounted within low frequency coil springs. In the rear, extra long longitudinal springs are complemented by airplane type shock absorbers.

MARINERS CLUB ELECTS OFFICERS

Thirty members of the Mariners Club of the Newark Presbyterian Church were present at the regular meeting held in the social rooms of the church last Friday.

Guests for the evening were Mr. and Mrs. Wes Sears and Mr. and Mrs. Paul Gygax Jr.

Mr. and Mrs. Ed Hammond and Mr. and Mrs. Paul Cottingham were the hosts for the evening, and Mr. and Mrs. Willard Walker and Mr. and Mrs. Jack Pool had charge of the entertainment.

Ray Alberts reported on the sidewalk project, announcing that the work is expected to start this month.

At an election, the following were named as the new officers: skipper, Mr. and Mrs. Dwight Cogswell; first mate, Mr. and Mrs. Harry Houston; log-keeper, Mr. and Mrs. Ed Hammond; purser, Mr. and Mrs. R. A. Alberts; ship's doctor, Mr. and Mrs. Paul Cottingham.

A TEST PILOT OR—TESTING A PILOT?

"If you can wait, and not be tired by waiting—" then perhaps you can perform a feat with a model airplane that will be the envy of all model airplane enthusiasts, or so thinks Gordon Kibby, teen-age son of Mr. and Mrs. Hugh Kibby of Niles.

Gordon is quite sure that if he keeps trying and has enough patience, eventually he will be able to pick up a glider off the ground with his flying model. It's quite a trick. Gordon has been experimenting now for some time. No luck yet, but—

Gordon recently took first place in novice stunt flying contests at a model plane meet in San Jose, so there's reason to believe that his endeavor to pick up a glider will some day be realized.

Niles has another stunt flyer in the person of Ronnie Estudillo. He took second place at the same model plane meet in San Jose in advanced stunt flying.

NEWARK WOMEN'S CLUB HAS POT-LUCK PARTY

The final meeting of the season for the Newark Women's Improvement Club was a pot-luck supper last Tuesday evening at the Youth Center for the husbands and friends of the members. It was a no-hostess affair with Mrs. Paul Gygax and Mrs. Wes Sears comprising the entertainment committee. The receptionists were Mrs. Jud Taylor and Mrs. Louise Gygax.

Following the supper, the evening was concluded with cards and games.

There will be no more meetings until September.
